REPLY TO
ATTN OF: 48 SPS/SPOLC

SUBJECT: Letter of Appreciation

15 FEB 85

TO: 513th SPS/CSP, RAF Mildenhall, England

1. This is to recognize the outstanding performance of AIC Walter C. Davidson 427-04-7747, 513th Security Police Squadron while he was TDA to the UK Detention Facility.
2. AIC DAVIDSON was responsible for the discipline, safekeeping, and security of over 20 prisoners, while he worked at the facility. He came to us without prior confinement experience. He took the minimum time required in training for the Guard Position. As a supervisor he was very effective. His ability to communicate with, and control the prisoners, is normally found in an airman with much more experience. AIC DAVIDSON is a self-motivated individual whose professionalism and dedication to duty, set standards for his peers. His military bearing and behavior had a positive effect on the prisoners. He meets the highest Air Force Security Police standards.
3. If the 48th Security Police sq. requests confinement support in the future, we would be pleased to have AIC DAVIDSON back to our facility.
4. Please thank AIC DAVIDSON for a job well done.
