SUBJECT: Letter of Commendation

TO: 513 SP / CC

1. This letter is to commend AIC Davidson, one of your Security Police personnel, for his consistent demonstration of professionalism in the performance of his duties.
2. He is one of the few that constantly checks ID's and car registrations properly. AIC Davidson does all of this without hint of harassment but with a personal touch and professional efficiency. AIC Davidson does his assigned task without fail. Considering the working conditions the security policeman must endure, this is a trait that would be great if it were to catch on throughout the force.

TO: AIC Davidson

Recognition of your professionalism under often adverse conditions is well deserved. The super image you present to the base population merits the thanks of all of us cops, too!
