June 28, 1994

Dear Ms. Heatherly:

Re: Walter Davidson

Mr. Davidson worked for me on two different occasions. Each time, he was hired to do private investigation. I found him to be very dependable and his work very detailed and accurate. His reports were prompt, correct, and precise.

Mr. Davidson was recommended to me by two different people. One of which was his father. I have known Walter's father for 13 years and have had the pleasure for doing business with him on many occasions. Walter comes from a family that are good, honest, christian, hard working people. His parents have insisted on this values in their children. Walter possess these values.

I feel that Walter will make a great employee because of the values listed. If I should ever need any private Investigative work in the future, you can believe that I would call Walter.

Sincerely,

  
Thomas F. Black
